Dear Mr. Brooks:

Thanks for your note of September 10. The manuscript of most of our volume on income stabilization is on its way to the printers, but we have held up Mr. Lemhart's draft of the round table report for some revisions which are not yet completed. It is therefore not too late for any comments you may have, and we would be most happy to receive them and to modify the manuscript further accordingly.

I would appreciate it if we could have any suggestions you may feel moved to make within a week or ten days as we would like to put the balance of the manuscript to bed in the near future.

Sincerely yours,

Max F. Millikan
